Kentucky Planning Partners Joins High Impact Portfolio

High Impact Program identifies Louisville's top fast-growth companies

LOUISVILLE, KY (April 12, 2011) – Kentucky Planning Partners, a wealth management and financial planning firm, was recently named to the High Impact Portfolio as one of the top fast-growth companies headquartered in the Metro Louisville Region. The High Impact Program, a public/private partnership between Louisville Metro Government and Greater Louisville Inc.'s (GLI) ENTERPRISECORP, introduced the newest companies selected to the High Impact Portfolio during ENTERPRISECORP's Signature Event today.

"Fast-growth companies are critical to the continued economic success of our region," said Bobby Ferreri, Executive Director of ENTERPRISECORP. "The High Impact Portfolio honors those businesses poised to lead our community in job growth over the coming years, and it was exciting to see the variety in this year's companies."

Kentucky Planning Partners, LLC is an independent wealth accumulation and financial planning firm. Affiliated with LPL Financial, the representatives offer fee-based wealth management planning, insurance planning and corporate retirement planning.

"We are very pleased to be announced as a member of the High Impact Portfolio," Robert Davenport, CEO of Kentucky Planning Partners said, "and we are very proud to be associated with this fast-paced group of Louisville-based companies."

The High Impact program strives to nurture the prosperity of Greater Louisville's growth businesses. Initiated in 2003, the program identifies companies meeting specific criteria, which are then named to the High Impact Portfolio.

Collectively, High Impact Portfolio companies represent \$2.3 billion in annual revenues; have a 36 percent average growth rate; have created nearly 3,000 new jobs in our region; and have invested \$438 million over the last four years.

About the High Impact Program

The High Impact program strives to nurture the prosperity of Greater Louisville's growth businesses. The High Impact Program is a public/private partnership, funded by Louisville Metro Government and administered by GLI's ENTERPRISECORP, that identifies and serves fast-growth companies, companies with the potential for fast growth, and those companies that enable growth in others. The program focuses on companies of these types headquartered in Louisville that have a disproportionately higher impact on the metro area economy.
